

Monday, 12<sup>th</sup>

Since writing the foregoing, I have a note from Foss. I enclose it to you, though perhaps you will see Mr. F., before you get this, & learn of Remond's illness & inability to be with you at the Harvard Meeting. Foss is unable, you see, to take his place. — If Pillsbury has no engagement for the 30<sup>th</sup> (and he had none ~~the~~ positively made the last I heard from him), he had better go with you. Perhaps Remond will be able to go by the last of this week.

Hastily,  
S. M. Jr.

52 Dear Mr. G.

Leicester, Aug. 24. '57.

Is it accident, or design, that Miss Waltham's name still stands in Liberator as an Agent of the American A.S. Society? Please inform me, by letter, if she is an Agent, as it makes a material difference in regulating our friend Johnson's & her proceedings in Vermont, where they are now both betwixt, & from whence I have had 2 or 3 letters (to-day, the 3<sup>d</sup>) ~~to~~ inquiring on this point. I wish to set the thing straight as soon as I can.

I am really concerned that no certificate or testimony appears in the Liberator Transcript from E. F. Burnham and J. N. Buffum. They are essential, & would have great weight. I am astonished that Pillsbury (to whom I wrote about it) neglects it. I am glad that Sigma is calling up the Sabbath question. Will the Transcript allow a discussion? Yrs. &c. S. M. J. (over)
